TESTE6560

Top view of a circular substrate (201) with a central circular region (202) and two rectangular regions (203, 204) containing arrays of circular features (205, 206). The substrate is surrounded by a ring of small dots (212). The central region (202) is defined by a dashed line (213). The rectangular regions (203, 204) are defined by solid lines (210, 211). The arrays of circular features (205, 206) are arranged in a grid pattern. The central region (202) is labeled with 217. The rectangular regions (203, 204) are labeled with 214 and 215. The arrays of circular features (205, 206) are labeled with 216 and 217. The substrate is labeled with 207, 208. The ring of small dots (212) is labeled with 213. The dashed line (213) is labeled with 213. The solid lines (210, 211) are labeled with 210 and 211. The arrays of circular features (205, 206) are labeled with 216 and 217.
